GENEVA Swivel Rocker Club Chair
Champagne (AU-GENS-3PSR-26)

GENEVA - LOUNGE

The Geneva series raises outdoor living to a new level of style and class. The table and chairs have fine teak inserts to their legs while the chair's arm rests are also lined with teak. The tables are stylish with teak tops maintaining clean lines and elegance. The frames are a crisp champagne colour powder coated aluminium which beautifully compliments the padded textilene chairs and matching sun loungers. The Geneva series is the ultimate in outdoor furniture.

CARE & MAINTENANCE

ALL WEATHER WICKER & Aluminium

Always use caution when opening boxes and removing protective materials on furniture. Regular washing with a non-abrasive, mild soap and water will remove dirt, body oils, chemicals and other substances. Rinse thoroughly and allow to air dry.

CUSHIONS

Always use caution when opening boxes and removing protective materials from cushions. While resistant to fading and moisture damage, for best results, keep cushions away from extended exposure to moisture and direct sunlight. Should cushions get wet always allow to fully air dry before storage. Light stains/spots can be treated with a mild non-abrasive household fabric cleaner. For heavy soiling we recommend you consult a professional fabric cleaner.

POLYWOOD

Always use caution when opening boxes and removing protective materials from your furniture. Polywood is great outdoor product due to its longevity. When cleaning use a very mild soapy solution to wipe down wooden surface. For fine surface scratches use a very fine emery board and sand with the grain gently.

TEXTILENE

Textilene is a mesh fabric woven of strong polyester yarns that are individually coated with PVC, specifically designed for outdoor use. This product is the best choice for sling furniture because it is elegant, strong and very durable to outdoor exposure. To clean, brush off loose dirt, hose wash, use a mild soapy water solution (do not use detergent) with a soft bristle brush to clean. Rinse thoroughly and air dry.

STAINLESS STEEL

Always use caution when opening boxes and removing protective materials from your furniture. Stainless steel furniture is not totally impervious to corrosion and should all be regularly cleaned. Infrequent cleaning can lead to small brown spots appearing on the surface of the steel. These brown “spots” appearing on the surface may be caused by air- borne pollutants in urban areas or salt in areas that are closer to the coast.

These discolourations however are purely superficial and will in no way affect the mechanical strength or integrity of the furniture; they are simply superficial discolourations that require cleaning to restore the stainless steel to its original appearance. For light cleaning (like fingerprint stains and little smudges), try a window cleaner. For stronger stains, you can also use vinegar and buffing spots gently with a microfiber cloth. For heavy duty cleaning, use a commercial stainless steel cleaner. Follow the instructions on the product to maintain your stainless steel. Maintenance cleaning should be done at least once every 2 months.

NEVER USE ABRASIVE CLEANERS. MAJOR SCRATCHES ARE REMOVED WITH A SCOTCHBRITE PAD AND WD40 SPRAY GOING WITH THE GRAIN OF THE STAINLESS STEEL ONLY. To maintain your stainless steel furniture use furniture polish like the “orange oil kind” and rub a light coat of the orange oil onto the surface after it has been cleaned, to prevent future smudging and rusting.

CHAISE BACK RESTS Chaise backrests must never be adjusted while seated. Safely readjust the backrest while standing beside the chaise. Serious body injury may result from adjusting the backrest while seated. Wicker/textilene or frame damage caused from adjusting the backrest while seated is not covered by the Limited Warranty.

STACKING

Never move or store furniture that is stacked higher than the recommended stack heights. Failure to abide by the stack limits may result in scratching, rubbing, wearing and or breakage of the frame and/ or wicker. This is not covered by Limited Warranty

IndoSoul Pty Ltd reserves the right to make changes to furniture designs, specifications, and prices without prior notice.

Colours depicted in the catalogue are a digital representation and may vary due to printing limitations in comparison to the physical powder coated aluminium and fabric representation.

Whilst every effort was made at time of printing, IndoSoul reserves the right to amend and correct any information.
